

Normagut

Saccharomyces boulardii is a natural defense for the prevention & treatment of traveler's diarrhea and antibiotic-induced diarrhea. Its formulation helps in protecting and restoring the normal flora gut in the stomach to prevent chronic diseases such as colon cancer.

Each capsule contains:

| | |
|---|-----------------------|
| Freeze-dried yeast of <i>Saccharomyces boulardii</i> | 250 mg |
| Equiv. to <i>Saccharomyces cerevisiae</i> (Boulardii) | 2.5 billion organisms |

Other ingredients:

Chlorophyllin-copper complex, iron oxide yellow, titanium dioxide, magnesium stearate, water, anhydrous lactose, gelatin.

Precautions:

It should not be taken with other antifungal drugs since it may eliminate the effect of *Saccharomyces boulardii*.

Recommended use:

Children over 12 years old & adults:

Take one (1) capsule once or twice daily, or as prescribed by a physician.

Children 2 to 12 years old:

Take off the content of one (1) capsule once or twice daily, and mix it with a glass of water or juice; or as prescribed by a physician.

Storage condition:

Store at temperatures not exceeding 30 °C, away from direct sunlight.

Keep out of reach of children.

Availability:

Unit carton containing 3 x 10 capsules blister packed.
